

MACHINES AND EQUIPMENT
FOR THE BEVERAGE INDUSTRY

We have it all packed up!

Bottle grippers and gripper heads for all bottles and all application areas.

Manual packing heads

For the processing of smaller bottle quantities or special bottle types.

Special gripper

To grip PET bottles during the screwing process.

Packing heads for packing machines

Such as e.g.:

RICO-VARI – the packing machine

- Variable for all bottles, crates and boxes
- Fast and simple format adjustment
- Up to 450 cycles/hour

RICO-ROBO – the packing robot

- Easy set up – and still flexible in use
- Can be moved in all directions
- Universal packing head optional with automatic format adjustment
- Up to 500 cycles/hour

Other packing machines [on request]

COMPETENCE
SINCE 1972

Inventor
of the long-term
bottle gripper

MACHINES AND EQUIPMENT
FOR THE BEVERAGE INDUSTRY

Rico Bottle Grippers and Gripper Heads The advantages at a glance:

+ Very durable

robust plastic turned part (not an injection-moulded part), all gripper heads are equipped with RICO LZT long-term bottle grippers or flip-top bottle grippers

+ Universal

for all glass bottles from 46 mm in diameter, for all PET bottles and flip-top bottles

+ Customised

customer-specific and machine-specific design

+ Reliable

secure grip on the bottle

+ Flexible

suitable for all areas of use

+ Fast

easy replacement of wearing parts, quick and easy format adjustment

+ Save resources

50% less compressed air consumption than conventional bottle grippers
